

New Request

***NEW* Employee Onboarding - Question**

When we onboard new hires, they are asked to complete the following PDF. The process is clunky because it means sending a document to them, them printing it, sending it back. Can we use the Crew+ app to onboard new hires by sending them a login & pw and requesting this information from them? Directly via the tool?

Important note: Sometimes new hires don't work out, so we need to have them only see a little bit of the app settings when they join. Can we create a NEW HIRE role that has limited settings for the view on Crew+? After they get through the first two weeks send a nudge to the Admin/HR account to allow full-time employee access.

They must also upload these items when they are onboarded:

1. **Direct Deposit Form from your bank**
2. **Photo of your Driver's License (front & back)**

1. Point values – Keep as you have it now.

Regular tasks +10

Perfect Day +25

SOP Creation + 50

Google Review +200

2. Part-Time/Temp Workers

Ken Taylor temp worker and only comes seasonally, but he can be on the app. However, since he is a temp worker, like Jacob V, they should not get the same reminders as they are only with us periodically. I would still like them set-up on the app and eligible to earn points, but they shouldn't get notifications for the things that our full-time crew gets:

- Bonus Program
- Quarterly Reviews
- Daily, Weekly or Monthly Reminders

3. Desmond Scott's role

His job title is Estimator. He is Part-Time like the guys above

4. Jacob's last name

Jacob Soto

Please use our brand colours

Your Digital Colour Palette

The following colour palette creates a uniform brand look and clear identity.

For digital applications, such as websites, social media, and screen-based presentations, colours should be defined using RGB (Red, Green, Blue) and HEX (hexadecimal) values. These formats ensure colour consistency across all digital platforms.

Always use the specified RGB and HEX values provided in this guide to maintain brand integrity and visual consistency across digital media.

6. Values & Rituals tab

The goal with this tab is that the team gets ideas for what to share in our Monday Morning Team Meeting. The idea here is to prompt the crew to tell a story of how they lived one of our values.
