

Crew+ — Policies & Code of Conduct

Your actual Crew Policies & Code of Conduct document is now in the app (Certs tab), pulled directly from your Google Doc — all 31 sections.

Each crew member initials every section individually, then signs and dates at the bottom — matches what you asked for, not just a single checkbox.

New hires who've passed their trial get flagged for admin follow-up if they haven't signed within a week of their start date.

Admin gets a reminder starting 2 weeks before the annual due date (Aug 31) to confirm the policy content is current before the team re-signs.

One thing needed from you: this reminder relies on each employee's hire date being on file, and none of your current profiles have one set yet. Whenever you're ready to send that roster data, I'll get it loaded in and this starts working automatically.

Crew+ — Quarterly points cash-out

During the quarterly windows (Jan 31 / Apr 30 / Jul 31 / Oct 31), crew with a balance see a "cash out your rewards next payroll" prompt with the dollar amount.

Once requested, you'll see a running "Payroll cash-outs due" total on the Rewards tab with the amount owed per person — approve to confirm it for that payroll run.

Flagging one thing you mentioned you're still deciding on: what happens to points for someone who quits mid-quarter before cashing out. Nothing's built for that yet since you said you're still thinking it through — let me know when you land on an approach.

Quick reference guides

Six 1-page guides are ready — one admin and one crew version for each app, including the alerts/prompts crew should expect:

Each is printable straight from the page (toggle between Admin/Crew at the top). → Can you show me where to see this?

Warehouse Wizard

TESTING: We will test the live site and provide input and feedback in August.

CREW USE: We want the tool to be live and ready for the team to log in and use by September 14.

A. Inventory & warehouse data (Warehouse Wizard)

UPDATED: The missing inputs will be ready by August 28.

- Mileage and last-service fields for trucks
- Inventory quantities – On-hand in progress
- All fields to be approved and 100% complete by end of August. Please do not pull any data from here until I've sent a note that the information is ready.
<https://docs.google.com/spreadsheets/d/1EKxNsSK7GyZ3OYhTupU9XLWnv9tgj79SoyFF-jE0Ck0/edit?gid=728197960#gid=728197960>

Developer Feedback

- Submit DAILY log – crew member needs to be able to pick a date. Where do submitted logs go? (need to be able to pick the day, month, year)
- Gas station check – add date selection (need to be able to pick the day, month, year)
- Log materials used – Add a date selection (need to be able to pick the day, month, year)
- Inventory log – how do I get a printout?
- Tasks – record ending KM → Needs a line so they can write the number in
- Request Maintenance – Add a SUBMITTED date selection (need to be able to pick the day, month, year) and a deadline selection to pick a DEADLINE to have it taken care of by
- When I click on an item from the needs attention section, they all go to the same page. Should it take the person to the exact area it's alerting them about?
- Trucks → Move fleet and maintenance request to the bottom.

! Needs attention	
Open maintenance requests	1 →
Truck tasks remaining today	14 →
Items below reorder threshold	121 →

- **Admin versus ops – Which account is which for Tara?**

Developer Requests

- A 1-page guide for admin on how to use the tool
- A 1-page guide for the crew about the tool, what it's for, and key features + summary of alerts/prompts they can expect

Requests

Policies & Code of Conduct

https://docs.google.com/document/d/1h_XmTTdiMI0v0bMSOr7Q7s1HNOFEIITKEG898dARUB0/edit?usp=sharing

- Add our Policies doc to the app.
- All existing CREW should INITIAL every new section, add a + sign, and date at the bottom by August 31.
- All NEW HIRES should be required to read, sign and date this document within one week of their hire date (if they work out after their trial days on site)
 - Perhaps send a reminder to the ADMIN 7 days after their start date, and they can approve sending the policies
- Remind the ADMIN to update the policies annually two weeks before August 31.
- Remind the CREW to review the latest policies annually on August 31.

Developer Feedback

Points Earned / cash-out — They can request to cash in their points on a quarterly basis (October 31, January 31, April 30, July 31). Ideally, they'd get a prompt like "You can cash out your rewards next payroll,". They should get a summary of the dollar value that will be paid on their next payroll (it will appear as a bonus). The ADMIN should receive an alert on the total amount to pay each employee.

Once they request a payout, the employee will be paid on the next payroll period.

I'm not sure how to handle people who quit before the quarter is over and want to receive their rewards; I have to think about this.

- Policies doc link –
https://docs.google.com/document/d/1h_XmTTdiMI0v0bMSOr7Q7s1HNOFEIITKEG898dARUB0/edit?usp=sharing (**do not share the editable doc, view only**)
- Integrations – remove Buildertrend. How will the calendar & reviews ones work?

Developer Requests
